"BEMIS MOWING"

The beautiful country place that appears as the frontpiece of the 1980 Town Report is an example of the simple and dignified elegance that epitomizes early New England architecture and early New England life.

On July 2, 1769, Jonathan Bemis was born the eighth child of Timothy and Martha Wesson Bemis. Jonathan's early childhood was spent on his parent's place which was located where "Jones Pasture" is today, near the intersection of the Underwood and Stone Pond Roads.

In February of 1789, Jonathan married Delila Rhodes, daughter of Ebenezer and Sarah Page Rhodes and they settled "*Bemis Mowing*", located at the end of West Hill Road. While the exact date of construction is obscure, the events of Jonathan's life would indicate a construction date of around the year 1800.

Jonathan was involved in town affairs, contributing \$7.00 to repair the old Meeting House and \$4.00 for a bell for it. He also was one of the founders of the Marlborough Social Library in 1795.

Jonathan died in 1835 and Delila inherited "*Bemis Mowing*" and her estate sold it to their fourteenth child Enoch, in 1858. Enoch moved to Bethel, Vermont and sold the property to Paul Aldrich in 1865, who quickly sold the place to Horace Fifield in 1866. Fifield in turn sold to Josiah Parsons in 1873 and Parsons sold to Charles Thatcher in 1882.

Upon the death of Charles Thatcher, his estate sold the property to Mr. & Mrs. George West in the spring of 1901. The Wests were living in Plainfield, N. H. at the time of purchase. They drove their cattle down from Plainfield and brought their household belongings in a wagon drawn by a pair of horses, making at least one stop at a farm for an overnight stay on their journey to their new home.

At the time the Wests purchased the property many plantings of lilac were all around the place. Later, the Wests added a porch to the front of the house as well as two dormer windows. The property passed from the West family in 1964 and "*Bemis Mowing*" is now the year-round home of Philip and Lucille Stoddard.

SELECTMEN'S FOREWARD

Through the medium of the following pages, the Board of Selectmen, as required by the Revised Statutes Annotated of the State of New Hampshire, herein report on the activities and programs of the individual committees and their elected and appointed officials, as well as the financial condition of the Town of Marlborough.

A review of previous Selectmen's Forewards of the Town Reports of the past few years will clearly indicate the growing concern the Board has had for the financial position of the community, the continuing lack of the broadening of the tax base in the Town of Marlborough, and its inability to attract additional enterprise and a corresponding population growth. In this foreward, the Board of Selectmen find it disturbing and unpleasant to be again in a position where they must give the citizens of Marlborough a clear-cut and firm warning that, continuing to pursue its course of the past few years, the community will find itself in an economic position from which it will be increasingly difficult to extricate itself.

A study of the individual city and town tax rates of the State of New Hampshire will show that Marlborough now has a tax rate that places it in the unenviable position of being one of the highest in the entire state. As property owners' tax bills get larger and larger, a growing number of the citizens of the community find it increasingly difficult to maintain the homes which they have spent a lifetime building up in the hope of retiring in their native town. In an attempt to help minimize this burgeoning tax burden, the Board of Selectmen, through the authority granted to them by state law, will initiate a twice-a-year tax billing system wherein the citizens of the community will pay their taxes in two installments instead of receiving one bill in October for the entire amount of real property taxes. Just as this step will provide convenience for the property owners, it will also allow the Selectmen to borrow **LESS** money in anticipation of taxes, therein saving some funds in the form of interest payments. It must be understood, though, that a reverse effect will also be felt wherein the Town Treasurer will not have a large sum of money immediately after the first of the year to invest for the purpose of **EARNING** interest. However, the convenience factor seems to make this change worthwhile.

To accomplish the twice-per-year tax billing, the Board is taking another step. We are finally in a position to implement the computerization of the tax bills and tax warrants and will utilize the City of Keene's computer as the Town of Sullivan has done. This computerization will allow an efficient and rapid preparation of the tax warrants and mailing of the tax bills as well as providing the availability of a list from which mailing labels can be prepared by the computer.

A careful review of the warrant will reveal far fewer articles than has been the norm in past years. Scrutiny of the proposed budget will also show that the net amount of property taxes necessary to fund Town Charges under Article 2 is actually a few hundred dollars less than was

expended during the previous year. The Board wished to emphasize that the allocation suggested under this article makes **NO PROVISION** for any unforeseen contingencies and **MAY** require the reduction of some services or conveniences as the ensuing year progresses.

The amount of tax dollars necessary to pay for the individual warrant articles has also been kept at a bare minimum, and those items which have been instituted by the Selectmen are necessary if basic services and needs of the community are to be provided. Where increases are in evidence, they are attributable to increased costs of energy and to a reasonable raise for full-time town employees.

Since the middle of October of 1980, the community has been preoccupied with conflicts of opinion as to whether a secondary school should be maintained for less than one hundred high school students or whether they should be tuitioned elsewhere. Over a period of many years Board of Selectmen after Board of Selectmen have maintained the position that matters of school and town should be kept apart; because of this premise, Selectmen, including members of this Board, have adhered to this basic unwritten code. The statutes of the State of New Hampshire plainly set forth that **Selectmen** shall be responsible for raising the money that funds the schools. In the case of the Town of Marlborough, the amount allocated to operate the schools has climbed until 78.8 cents of each dollar raised by property taxes in this town are allocated to the operation of the community's schools.

During the summer months of 1980 this Board patiently waited and watched while the School Study Committee, which the School Board asked the citizens of the town to approve in concept, and whose formulation was mandated by a vote of the town, gathered information in preparation for a final report. That final report was to have suggested to the citizens of the community what the best course of action should be in fulfilling the requirements set forth by the Department of Education to provide proper educational opportunities for its young people.

In the late months of 1980 that report was finally completed and made available to the community through a number of public hearings. While the recommendation by the School Study Committee stated that a comprehensive high school, as opposed to an approved high school, should be made available to Marlborough's students, it did not indicate whether this comprehensive status should be best achieved by maintaining the present high school in Marlborough or tuitioning the students out of town. The Board of Selectmen watched the public hearings and carefully observed and analyzed the information being provided to the townspeople. The brochure/report itself clearly showed that maintaining a secondary school in Marlborough was far more expensive than tuitioning the students to Keene. However, it was obvious to this Board that the citizens of the community were not receiving all the information readily available to them if they were to make a rational decision based on facts, and it was at this point that the Board decided it could wait no longer if the inhabitants of the town were to have all the information necessary to them.

Subsequent to an initial vote which was taken to determine whether comprehensive or approved was the choice of the community, the Selectmen, addressing a large gathering of the citizens of the town, explained to the people why they could not support the concept of a secondary school being maintained for less than one hundred pupils in a declining enrollment. The Board also stated its position that a comprehensive education opportunity should be provided to the young people of Marlborough, **AND IN THE MOST COST-EFFECTIVE WAY POSSIBLE**. By openly stating our position the Board attempted to assume a role of advisory and guiding leadership, a role others had obviously decided not to assume. Over a period of months a number of votes were taken, each one refuting the result of the previous, until finally on the evening of February 19, 1981, ratification of a fine contract that had been negotiated by the Marlborough School Committee and the Keene School Board was rejected. At this writing the Town of Marlborough is practically back to the position it was in immediately after the School Study Committee's report was first presented to the community.

The Board of Selectmen wishes to make it abundantly clear to the citizens of this community that Marlborough, more than any other community in Cheshire County, cannot justify expending public funds and the hard-earned tax dollars of its property owners on **ANY** project or institution over and above that which is necessary to provide the town with the most efficient delivery of services through proper fiscal management and good business acumen. Therefore, the Board presents the following information for the community's consideration -- information that is **FACT, NOT OPINION**; information that is **NOT HEARSAY or PROPAGANDA**, but is instead **PROVABLE EVIDENCE**; the preponderance of which clearly shows why the Board cannot any longer support a secondary school in the Town of Marlborough.

1. The present Elementary School. This building cannot any longer be defended as a safe, healthy environment in which small grade school children are to be educated. At present, as in the past, children are crowded into a portion of the basement for the purpose of receiving hot lunches. Underneath the cement floor in a closely adjacent area of the same basement is located the school's septic system. The odor from this unhealthy installation has permeated the lower area of this old building for many, many years. Some citizens of this community may find it fashionable to say, "What was good enough for me is good enough for my children." We find this to be a sad attitude which seems to prevail among a certain segment of the community's population. Requiring young people to attend classes on the upper level floor of this old wood-framed building can hardly be justified as a safe way to provide them with their basic education. This old structure also restricts the abilities of some very fine elementary teachers to do what they have been hired to do -- **PROVIDE DYNAMIC EDUCATION** to our children. A number of dollars could also be saved by the relocation of the elementary school grades in the present high school. Insurance premium outlay is one place where conservation of funds could be achieved.

2. The present High School. This building, which was first a fine, basic brick structure that housed Grades 1 and 2, has been added to and reworked over a period of years. Concrete evidence shows that the Town of Marlborough was warned against building such a structure at the foot of a steep hill (Highland Hill) and in the close proximity of a brook that drains the upper School Street terrain. Today this building is settling, and evidence of this fact can be seen in one area where it has settled as much as an inch. Whenever it rains in a substantial amount, high school teachers and administrators, who have been hired to provide education to our children, are pressed into service to fill the roles of emergency janitors and sanitary engineers, wherein they, along with the high school students, bail and sweep inches and sometimes feet of water out of the building and its classrooms. The amount of damage already done to the underpinning and foundation has not been determined at this point. But one thing is certain -- this condition cannot be allowed to progress any further, and this Board will make an attempt to cooperate with the School Committee on this problem. When this problem of drainage has been resolved, it will be relatively easy to transform this building into a decent elementary school. A certain number of dollars would be needed to accomplish the transition and would provide the elementary school children with expanded educational opportunities.

3. Curriculum. The Board of Selectmen believes the young people of Marlborough must be granted the same and equal opportunities that young people throughout our country enjoy. The Town of Marlborough will never be able to provide the broad choice of curriculum that is necessary to achieve those equal opportunities, considering its very narrow tax base and its demonstrated inability to expend that tax base. This is true even under the present requirements for a comprehensive status, to say nothing of those future increased requirements which will surely be pressed upon us. On the other hand, tuitioning the high school students to Keene would provide that wide choice of curriculum and allow the students of the community to take advantage of those broadened educational chances. The world of today and the world of tomorrow are worlds based on increasing technology and enormous strides in the sciences and industry. If our young people are to compete with others in that difficult world, they must at least be provided with the opportunity to prepare themselves for it.

4. Cost. After spending a number of days, almost countless hours, going far afield to develop the facts, interviewing administration personnel and talking with citizens of other communities, the Board states that beyond a reasonable doubt the cost to maintain a secondary school in Marlborough, as opposed to tuitioning the students to Keene, is far more expensive and by an amount annually in excess of \$100,000. It must be clearly stated that to make a decent transition of the present high school building into an elementary school building would require the expenditure of a considerable amount of money. However, not all of the work is necessary in the first year, and at least most of the cost would be covered

by the savings through tuitioning to Keene. It is the firm belief of this Board that, once the transition of the high school building was completed and the drainage problem solved on School Street, the annual savings in the amount needed to provide education for our high school students by tuitioning, as opposed to maintaining a secondary school system in Marlborough, would be far in excess of \$100,000 per year and, further, that amount of saving would actually compound as the years progress.

THIS \$100,000 SAVING INCLUDES THE TRANSPORTATION COSTS INVOLVED IN TRANSPORTING THE STUDENTS TO KEENE HIGH SCHOOL.

5. Growth. If the Town of Marlborough is going to be in a position to attract **controlled** growth in the community, it must demonstrate its ability to look at facts, make rational decisions based upon those facts, and take the necessary action to implement steps that will fulfill the required changes necessary in the way we do certain things. Failure to accept the fact that change is inevitable, if we are to keep up and meet the challenges of these difficult times, will constitute an erosion of our belief in our own capabilities which will ultimately tear apart the very fabric of community life.

During 1980 the Board of Selectmen were forced to borrow money in anticipation of taxes in the amount of \$445,000. That was \$230,000 more than the previous year. This amount was primarily the result of our inability to obtain a tax rate due to prolonged scheduling of meetings for the purpose of addressing the school issue. The interest paid on those anticipation notes during the year 1980 amounted to \$11,577.96, as compared to \$6,495.81 in 1979, and seriously eroded the \$13,231.49 earned by investing \$160,000 in certificates of deposits and repurchase agreements. If the citizens of the community do not take the time to study the facts and make a decision based on those facts, this erosion of assets will continue, further challenging the town's financial position.

While the foregoing documentation of facts, relative to the position in which the community finds itself in relation to the school issue, is a departure on the part of the Board from the normal Selectmen's Forward, we realized some time ago that we must address problems of finance whenever and wherever they occur with respect to public tax dollars. The Town Report show that this Board was forced to handle in excess of \$1,444,000 during 1980, and of that \$1,444,000 it can safely be said that about \$1,000,000 was directly related to the education of Marlborough's children and the existing problem revolving about the high school. If we are to be expected to fulfill the responsibility of our office in handling town funds, we therefore must continue to make a contribution of facts as to where, how and why the funds are being utilized. Failure to do so will amount to insensitivity to the public trust.

Some comments on other items. At the town meeting in March of 1980 the citizens authorized a number of projects through passage of articles dealing with energy conservation in the upstairs portion of the Municipal Building and the removal of a badly deteriorating wall and fence between

the Municipal Building and the Giguere property. The project of energy conservation upstairs in the Municipal Building, including the installation of storm windows and the installation of insulation on the outer walls, has been completed insofar as the amount to be expended is concerned. The Selectmen would like to continue this energy conservation project in the Municipal Building and have inserted a warrant article covering the use of the accumulated interest of two trust funds to complete the upstairs project. The removal of the old wall and fence has been completed, and the installation of a 7000-gallon fuel tank was finished as outlined in the warrant article. In addition, a new septic tank was installed near the Municipal Building, and the gas pump was put in place, having been utilized by the various departments since August of 1980.

Another article called for the dredging of the Minnewawa Brook and its tributaries, and this project was begun. A considerable amount of the appropriated sum was carried over in the balance sheet, and that amount, along with additional funds requested through a companion article in this year's warrant, will be used to continue the project, more specifically the digging up of the covered brook that drains upper School Street which is contributing to the severe flooding problem around the high school building.

Finally, a review of the warrant will show that an article has been inserted for the purpose of allowing the community's citizens an opportunity to reconsider the purchase of property on Stone Pond located directly adjacent to the town-owned beach. After last year's town meeting the Board, and particularly its senior member, was told by two persons in the community that they were disappointed by our lack of input and interest in the passage of that article. Other citizens have asked us to place the article on the warrant for reconsideration, and we have done so after having had a meeting with the Recreation Committee. The Board of Selectmen unanimously support the position of the Recreation Committee on this issue.

In closing, we wish to thank the citizens of Marlborough who have attempted to understand the difficult position in which Selectmen often find themselves, and who respect our attempt to be leaders in a community which is facing enormous problems requiring change and daily application of businesslike administrative procedures.

TOWN WARRANT

The Polls Will be Open From 10:00 A.M. to 9:00 P.M.

To the inhabitants of the Town of Marlborough in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Marlborough High School Gymnasium in said Marlborough on Tuesday, the tenth day of March, next at 7:30 of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

2A. To see if the Town will vote to raise and appropriate and authorize the withdrawal from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, for use as setoffs against budgeted appropriations for the following specific purpose and in the amount indicated herewith or take any action thereon:

Frost Free Library \$ 12,000

3. To see what sum of money the Town will vote to raise and appropriate for Cheshire Health and Social Services, formerly the Marlborough Community Nursing Association, or act in any manner relating thereto.

4. To see what sum of money the Town will raise and appropriate for Old Home Day and Memorial Day or act in any manner relating thereto.

5. To see if the Town will vote to raise and appropriate the sum of \$925 to support the services of the Community Mental Health Clinic of the Monadnock Family and Mental Health Service, or act in any manner relating thereto.

6. To see if the Town will vote to raise and appropriate the sum of \$1,480 as the Town's share for studies and operation of the Southwest Region Planning Commission, these funds to be used for financing the staff, operation expenses, planning studies, technical assistance and other programs of the Commission. These funds may be used in conjunction with other State and Federal Funds available for planning purposes.

7. To see what sum of money the Town will vote to raise and appropriate for the Recreation Commission or act in any manner relating thereto.

8. To see what sum of money the Town will vote to raise and appropriate for the operation of a Summer Program or act in any manner relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of \$150 for the Monadnock Region Association or act in any manner relating thereto.
10. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by state or any city, town, or other governmental unit of the state to five percent. (By Petition)
11. To see what sum of money the Town will vote to raise and appropriate for the Highway Department Capital Reserve Fund, or act in any manner relating thereto.
12. To see what sum of money the Town will vote to raise and appropriate for the purchase of property situated on Stone Pond, identified as Lot 23 of Section 3 Page 1 of the Tax Map, presently owned by Lawrence and Penny Bernstein, or act in any manner relating thereto.
13. To see what sum of money the Town will vote to raise and appropriate for dredging Minnewawa Brook and its tributaries, especially the small brook draining the School Street area and adjacent to the present high school building or act in any manner relating thereto.
14. To see if the Town will vote to raise and appropriate the sum of \$791.27, the State to contribute \$5,275.17, for Class V Road Construction, Apportionment A, or act in any manner relating thereto.
15. To see if the Town will vote to authorize the withdrawal of the accumulated interest of the Charles C. Ward Town Fund and the Kate Reed Town Fund for the purpose of continuing the insulation of the upstairs of the Municipal Building or act in any manner relating thereto.
16. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available in RSA 31:95-b, or take any action relating thereto.
17. To see if the Town will vote to authorize prepayment of property taxes and to authorize the tax collector to accept prepayments as provided by RSA 80:52-a, or act in any manner relating thereto.
18. To see if the Town will vote to authorize the Fire Wards to sell the 1952 Dodge Power Wagon which has been replaced by a 1962 Dodge Power Wagon, acquired through the State Forestry Department, proceeds of this sale to go to the general fund, or take any other action relating thereto.

19. To see if the Town will vote to discontinue that portion of the old section of Route 12 that was transferred by the State in 1963 and is on the east side of the present Route 12 and runs from the State Coach southerly to the Ashuelot River in accordance with RSA 283:1 or act in any manner relating thereto.

20. To see if the Town will vote to raise and appropriate the sum of \$200 for the support of the Grand Monadnock Arts Council or act in any manner relating thereto.

21. To see what sum of money the Town will vote to raise and appropriate for the repair of sidewalks during the ensuing year, or act in any manner relating thereto.

22. To see what sum of money the Town will vote to raise and appropriate for the application of liquid asphalt or tar to the highways or act in any manner relating thereto.

23. To see what sum of money the Town will vote to raise and appropriate for the repair, construction and maintenance of highways, both Summer and Winter Maintenance, or act in any manner relation thereto.

24. To see what sum of money the Town will vote to raise and appropriate for paving the alley-way between the Municipal Building and the Giguere property and a portion of the parking area in the rear of the Municipal Building, or act in any manner relating thereto.

25. To see if the Town will vote to erect **NO PARKING** signs on Ling Street, Highland Street Hill and Seavey Court to prevent parking on either side of the streets or act in any manner relating thereto. (By Petition)

26. To see if the Town will vote to raise and appropriate the sum of \$2,860 which will enable the Selectmen to continue participation in the Circuit Rider Administrative Assistant program of the Southwest Region Planning Commission or act in any manner relating thereto.

27. To see if the Town will vote to accept funds for perpetual care of cemetery lots or act in any manner relating thereto.

28. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

29. To see if the Town will vote to authorize the Selectmen to sell property acquired by Tax Collector's Deeds and Gifts.

30. To hear reports of Town Agents, Auditors and Committees.

31. To transact any further business that may legally come before the meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and eighty-one.

Should include balances of Unredeemed Taxes, as of beginning of fiscal year - January 1, 1980 from Tax Sales of Previous Years.

(b') Taxes Sold to Town During Current Fiscal Year:"

Tax Sales held during fiscal year ending December 31, 1980, should include total amount of taxes interest and costs to date of sale.

NOTE: TOTAL DEBITS AND TOTAL CREDITS should agree.

OLD HOME DAY REPORT

On behalf of the Old Home Day Committee, I want to express my sincere thanks to the town's people for the co-operation in making our Old Home Day 1980 the success that it was.

I especially wish to thank Pat Robinson and her group for the variety show, the leaders of the children's games, organizers of the marathon races, the Ladies Circle, members of the Historical Society, and Library Committee, American Legion, and all the fine local business men who donated time, materials, and labor.

It goes without saying that without the full co-operation of the groups above, as well as Marl-Harris Squad, Highway Department, Marlborough Police Department, Marlborough Selectmen, and especially Marlborough Fire Department, School Board and Staff, an event such as this would be very difficult to put on.

Again, thanks to all,
Ed Nason

1980 ANNUAL REPORT OF FRIENDS

of

MARLBOROUGH COMMUNITY NURSING ASSOCIATION

Dear Citizens:

This past year marked the first year of the merger of nursing and home-health care agencies between North Cheshire County, Cheshire Senior Services, and Marlborough Community Nursing Association. It has been a very busy year and a most rewarding one in that the Meals on Wheels have averaged twenty meals per day and Friendly Meals averaged between 100 and 115 meals per setting. These events have become an occasion those who participate in look forward to. I would also like to take this time to thank the many organizations, businesses, and Marlborough Fire Department and Ladies' Auxiliary for their donations this past year which helped fund these programs.

Some of our residents have experienced the services of homemakers, therapists, and a new visiting nurse. If it hadn't been for this merger, many of these services wouldn't be available. We, the Friends of the Marlborough Community Nursing Association, would like to extend another thank you to "Peg" Ford who so generously served her community as town nurse for so many years. It was truly a pleasure working with her.

The free monthly blood pressure clinics are still being held at the Library. Between thirty and forty residents are regular patrons. There are also several types of medical related pieces of equipment such as wheel chairs, hospital beds, walkers, crutches, etc. available through our group, at no charge to the borrower.

The following members of the Friends of Marlborough Community Nursing Association would like to remind you that we are a liason between you and the home office based in Keene. Should you have any problems or suggestions, please contact one of us. Thank you.

MARL-HARRIS FIRST AID AND EMERGENCY SQUAD, INC. 1980 SERVICE REPORT

For the period January 1 thru December 31, your ambulance responded to 142 calls. This was our busiest year since the founding of the service. There were 89 emergency calls, 39 non-emergency, 7 accidents with 10 patients, 7 stand-by which include 3 drills; 2 at the pony club, 1 bomb scare and 1 fire. Other than transporting to the Keene hospital, we transported patients to the following hospitals: Peterborough; Manchester, N. H.: Mass. General and Hanover.

The ambulance and equipment are in good condition and have passed the inspections.

During the past year through the generosity of the donors we were able to purchase a new debt-free ambulance, related equipment and 24 section slide tape training films which will enable us to completely review the EMT 1st aid program. We thank all of the donors and we thank the numerous donors of equipment for use with the ambulance.

We thank the families who have remembered the Ambulance Service with Memorial Funds, in lieu of flowers. A special thanks to the organizations and groups that sponsor suppers and programs for our benefit.

We wish to thank the Fire Dept. and the Police Dept. for their help and cooperation. We sincerely appreciate it.

All of the above and all of the services we provide are done without any Tax Dollars.

Marl-Harris is in a very serious situation. There is a possibility that our high school students will be going to Keene. If this is so, our Ambulance Service is in jeopardy. There is a possibility that the service will not be able to serve the towns. State law mandates we must be in service 24 hours a day, not at night only. During the day presently, very well-qualified high school students man the ambulance. Approximately half of our runs are between 7:00 a.m. and 3:00 p.m. If the high school students go to Keene, we will have to have someone to take their place or go out of service.

We have appealed to the townspeople many times stating our needs and we have had very poor response. This is the reason why we went to the high school students. They have performed excellently. We have letters to indicate the effectiveness of the performance of the high school students.

We need adults who are in the town during the day to be available during the day. We need 16 to 24 trained people. To become a member of the squad you must be a resident of Marlborough or Harrisville, able to make runs, and be willing to take the required training, such as the Advanced First Aid course or the EMT course.

We meet on the 1st Wednesday of every month at the Fire Station in Marlborough at 7:30 p.m. Interested people may contact any member of the squad or a member of the Board of Directors.

If the high school students go to Keene, without your help, we will go out of service.

Directors:

MARLBOROUGH PLANNING BOARD

We need to increase the tax base of Marlborough! We hear this all the time. One article on the warrant will help the cause. It deals with the abandonment of an old section of Route 12 near the former Stagecoach. The Planning Board endorses this plan completely. This road section in its present form has no use in our road system. It splits a valuable piece of commercial property. Abandonment of this road would allow the subdivision and development of this property which has the potential of increasing the tax base.

This year the planning board approved a commercial property subdivision into two lots increasing the number of parcels available.

In addition to this several house lot subdivisions were approved as well as a couple of site plan reviews.

The board delegated the various duties to subcommittees to better carry them out. They are David Wyman new ordinances proposed; Peter Von Sneidern, site plan review; Gary Langley, reviewing of zoning ordinances; Edward Goodrich, subdivisions.

The Soils Conservation Service has completed the soils survey and is turning it over to the town. This will prove very helpful and has been long awaited.

The planning board is in hopes of working jointly and with renewed interest with the industrial search committee. Although there are no new prospects in the future for large industry, I am hoping to be able to stimulate some orderly growth by using a more liberal approach to the enforcing of the various codes. Perhaps with a little "Grassroots" growth along commonsense lines we can make our town a little more inviting to outside investors.

Edward C. Goodrich, Jr., Chairman

MARLBOROUGH CEMETERY COMMITTEE

1980 Report

The Marlborough Cemetery Committee feels this has been a very busy and rewarding year. A project started a few years ago was completed at Meetinghouse Cemetery this spring. An addition was made on the right side of the center driveway, enabling us to offer lots for sale for many years to come. The expansion of Pine Grove Cemetery has been somewhat surveyed and lots are available here too. We feel that the groundwork has been completed in both of these cemeteries and that it should be quite some time before projects of this magnitude have to be undertaken again.

As many of you know, we have had severe water line problems in the lower portion of Pine Grove Cemetery. Each year money has been spent to repair leaks and people have been inconvenienced due to the water being shut off. This past summer we had a portion of the water line replaced that was continually giving us problems. A heavier plastic pipe was used and better fill was put over this pipe. As an added improvement and bonus, the roadway adjacent to this replacement is now much better.

Sometime during 1981, the old cemetery shed beside Graniteville Cemetery will be replaced by a smaller, 8' x 12' wooden structure. We'll be doing this project ourselves and will be welcoming any assistance from the townspeople we can get. We feel that the present structure is a disgrace and is actually quite useless as is.

Respectfully submitted,
Marlborough Cemetery Committee

FIRE WARDS REPORT

The Marlborough Fire Wards wish to report for the year 1980. The Fire Department answered a total of 67 calls. The alarms answered were 27 still alarms, 21 general alarms, 4 brush fire calls, and 15 mutual aid calls of which 6 calls were to Keene, 4 to Harrisville, 2 to Swanzey, 1 to Dublin, 1 to Troy and 1 to Spofford.

Last fall the Fire Department received from the State Forest Fire Service a 1962 Dodge Power Wagon to replace the 1952 Power Wagon that we now have. The Firemen plan to rebuild this truck and have it ready for the 1981 Forest Fire Season.

This past year several of the Firemen donated considerable amount of time to the repair of rust and the repainting of our 1968 International Pumper and now have it in top shape.

This past year several Firemen attended Fire School at Meadowood Training area in Fitzwilliam and in this coming year we plan to have additional training for the firemen here in town and have placed in our budget a sum of money to be able to do so.

The Fire Department again held another Fire Safety Poster contest among the children in town. An assembly at school was attended by several Firemen and talked to the children along with showing a Fire Safety Film.

Again this year the Fire Company sponsored a Halloween party for the children in town. A parade followed by movies and cider and prizes given out for costumes was held at the School Gym.

The Fire Wards wish to thank the Selectmen, Townspeople, Local and State Police for their fine cooperation during the past year. A special thanks to the Firemans Ladies Auxiliary for their assistance during the year and for their donation of new equipment to the Department.

CHIEF OF POLICE REPORT TO THE CITIZENS OF THE TOWN OF MARLBOROUGH

This being my second town report as Chief of Police, I would like to take this opportunity to inform the citizens of the Town of Marlborough of the accomplishments and improvements of the department during the past year.

In 1980, the major goal we as a department set forth to accomplish, was to re-direct the function of being just a traffic orientated Police Department to a complete, all around community protective agency. We were very weak in the field of crime investigation and crime prevention.

Step No. 1 of shifting the emphasis towards investigation and prevention was to appoint a Detective Lieutenant; whose primary function is to oversee all investigation and to improve and expedite our communications with other police agencies, such as the Sheriff's Department, the Detective Bureau of the State Police and the Keene Police Department. This technique has paid off "in spades." In 1980 we had a 48% cleared case log which is well above the State and local average, and is documentation that the department is solving crime.

Step No. 2 has been directed toward more and better training. This past year, we had extensive training in the field of firearms, and proven physical and mental techniques to be utilized under stress situations. In addition, every member of the Marlborough Police Department has been attending certification classes. These classes were mandated by the State of New Hampshire to upgrade the knowledge and proficiency of the part-time police officer. This 34 hour course includes the following subject matter: Constitutional Law, Criminal Law, Domestic Violence, Juvenile Law, Civil Liability, Report Writing as well as Motor Vehicle Law.

I anticipate that by April of 1981 all members of the Marlborough Police Department will be certified by the State of New Hampshire.

In conclusion, I wish to express sincere thanks to the members of the Marl-Harris Ambulance Service and the Marlborough Fire Department for their outstanding service to the Marlborough Police Department. I also wish to thank the citizens of the Town of Marlborough for their continued support and understanding which has helped make our efforts a success.

Respectfully,
Peter W. Henry, Chief
Marlborough Police Department

FROST FREE LIBRARY

I am happy to report that in spite of incredibly increasing costs of everything from paper clips to printed matter to heating fuel we have been able to continue to provide the expected high standard of materials and services to the community. On behalf of the Library Board of Trustees and my assistant Pat Grover, I would like to express appreciation and gratitude for the continued support of the townspeople that enables us to have one of the finest small public libraries in the state of New Hampshire. We are particularly proud of the persistence of the Friends of the Library whose dedication has assured the continuance of the Nursing Home Film Program and Shut In Service. The Friends have struggled through cold winds and icy roads to bring a few moments of diversion to the residents of three Nursing Homes in the area and have been very generous with their time in a variety of ways to help sustain the quality of service at the library. Other members of the community have shared their skills and talents and personal collections of items for exhibits that allow us to offer you a wide selection of classes, workshops and special programs. This willingness to lend a helping hand and cheerfully participate is a strong indication of the spirit that makes Marlborough a neighborhood of friendly people and demonstrates to the younger generation the rewards of assuming individual responsibility for assuring the well-being of the community as a whole.

It is our intention to continue to offer you a diverse selection of recreational and educational material and programs. We will be bringing you more Health Care Workshops and Public Interest Forums as well as the now traditional Crafts Classes and Childrens Programs. Fred Hueglin, R.N. and Jayne Wyman, R.N. have begun a series of CPR Classes which will be repeated until every interested adult in the town has had the opportunity to receive certification in this procedure. Look for several workshops on Stretching the Family Dollar.

We are pleased to announce that all the CETA staff are regularly employed; Barbara Hagar is teaching at Keene Junior High, Eleanor Hoff is librarian at TEA in Harrisville and Pat Grover agreed to fill Sandy Blood's position as our Assistant Librarian when Sandy and her family moved to Massachusetts.

Our collection has been well weeded and the catalogues are up to date.

Respectfully submitted,
Gracia Berry, [signed]
Gracia Berry, Head Librarian

BOARD OF ADJUSTMENT

The Board of Adjustment had one application to hear during the year and this was allowed.

There is a need for at least three persons interested in zoning to be alternates. We hope these persons can be found soon.

Changes in the ordinance have been recommended by the board and it is hoped they will eventually be made.

John Gordon, Chairman
Mary Cheney
Romeo Bleau, Alternate
Maurice Bowes
Patricia Targett

						average					

During the year, the trustees sold our shares of stock in the First Pennsylvania Corp. and The First Financial Group of N.H. The First Pennsylvania shares were given to the trustees by the late Fred D. Hemenway. During the last several years, the corporation has suffered financial reverses and notified the stockholders this year that they would not be paying any dividends. We made arrangements to dispose of the stock and subsequently we were advised by the state attorney general that the stock was not on the legal list for ownership by municipal trustees. The First Financial Group stock was given to us as a dividend when the Manchester Savings and Manchester National Banks merged. We received five checks every quarter for amounts as small as \$1.00. We took a book loss on this stock but have invested it in certificates of deposit and are earning a better return than we received on the stock.

We cancelled some of our long term certificates, accepting a penalty, and reinvested the funds in certificates paying a higher rate of return. Unfortunately, when these certificates came up for renewal, the interest rates had dropped so we made only a slight gain in income over the previous year. Interest rates seem to be on the rise again so the next renewal should be at higher rates.

Term Expires 1982
Term Expires 1983

COMPLIANCE STATEMENT

This school district receives Federal financial assistance. In order to continue receiving such federal financial assistance, this school district will not discriminate in their educational programs, activities or employment practices on the basis of race, language, sex age, or handicapping conditions, under the provisions of Title IX of the 1972 Educational Amendments; Section 504 of the Rehabilitation Act of 1973.

Complaints regarding compliance with Title IX regulations should be submitted in writing to the Title IX liaison for Supervisory Union 29, the Personnel Manager, 34 West Street, Keene, New Hampshire.

Complaints regarding compliance with Rehabilitation Act of 1973-Section 504 should be submitted in writing to the Educational Consultant for Special Services, 34 West Street, Keene, New Hampshire.

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:

You are hereby notified to meet at the High School in said District on the 12 day of March, 1981, at 7:30 p.m. to act upon the following subjects:

Article 1. To see if the District will appropriate \$82,000.00 or any other sum for the reconstruction, alterations and enlargement of the Marlborough High School and for the purchase of departmental equipment of a lasting character in connection herewith; to determine whether such appropriation shall be raised by borrowing or otherwise; to authorize the school district to augment the building fund with any monies that may be derived from the sale or investment of the bond receipts; or take any other action relating thereto.

Article 2. To see if the District will appropriate \$30,000 or any other sum for the installation of a subsurface drainage system at the Marlborough High School. Said installation to include the necessary repair to the foundations, footings and floor slab of the Marlborough High School; to determine whether such appropriation shall be raised by borrowing or otherwise; to authorize the School District to augment the Building Fund with monies that may be derived by the sale or investment of the bond receipts; or to take any other action relating thereto.

Article 3. To hear the reports of agents, auditors, committees, or officers chosen and to pass any vote relating thereto.

Article 4. To choose agents, auditors and committees in relation to any subject embraced in this warrant.

Article 5. To see if the District will vote to rescind any prior votes with respect to auditors and to henceforth elect its auditors in accordance with the provisions of R.S.A. 671:5; further to determine the number of auditors to be elected by the District.

Article 6. To see if the District will vote to authorize the school board to make application for and to accept and use in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state or private agency.

Article 7. If appropriate legislation is adopted at the 1981 legislative session, to see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1981-82 school fiscal year provided that such expenditures be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

Article 8. To see if the District will vote to approve the Contract negotiated by the Marlborough School Board and the Keene School Board for the education of Marlborough High School students, and to raise and appropriate a sufficient amount of money for funding such educational costs for the 1981-82 school year.

Article 9. To see if the Marlborough School District will direct the School Board to maintain Marlborough High School and act in any manner relating thereto.

Article 10. To see if the District will authorize and empower the Marlborough School Board to sell on its behalf the property known as the Elementary School; (including land and buildings) and to authorize the Marlborough School Board to execute any and all necessary documents in connection therewith, including but being limited to, deeds; the proceeds of such sale to be used for renovation and repairs to the building known as the Marlborough High School and to take any action relating thereto.

Article 11. To see what sum of money the District will raise and appropriate for the installation of a kitchen at the Marlborough High School. Said installation to include alterations and enlargement to the building and the purchase of capital equipment of a lasting nature and take any action relation thereto.

Article 12. To see what sum of money the District will raise and appropriate for the installation of a subsurface drainage system at the Marlborough High School. Said installation to include the necessary repair to the foundations, footings and floor slab of the Marlborough High School and take any other action in relation thereto.

Article 13. To see what sum of money the District will raise and appropriate to continue an Energy Conservation Program at the Marlborough Elementary School and High School and to take any action in relation thereto.

Article 14. (BY PETITION) To see if the Marlborough School District will direct the school board to proceed to maintain Marlborough High School as an approved high school and act in any manner relating thereto.

Article 15. To see if the District will vote to authorize the Board of Education to take such action on behalf of the District as may be required to join as party plaintiff in a suit against State of New Hampshire and proper officials thereof to compel the State to provide funds to the school districts for the purpose of more nearly equalizing the opportunities for the children to receive a basic education and to see what amount the district will raise and appropriate for this purpose.

Article 16. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents and for payment of statutory obligations of the District.

Article 17. To transact any other business which may legally come before this meeting.

Given under our hands at said Marlborough this 20th day of February, 1981.

ADMINISTRATIVE REPORT

The 1979-80 school year presented numerous challenges for your school district and its staff. The ever increasing inflation rate has made itself felt in all the goods and services purchased by the school district. The staff has worked hard and long to maintain a quality education for our children in the face of ever increasing prices. This has proved to be difficult in that costs for some educational supplies are budgeted one year prior to purchasing. The staff is to be congratulated for their efforts.

The student testing program is in its second year of operation. All students were given a full range achievement test in the spring of 1980. These tests were used to evaluate the programs for the 1979-80 school year and for the planning of the 1980-81 school year. Parents are encouraged to meet with their child's teacher to review the results of these achievement tests which will be given on an annual basis.

The Accountability Testing Committee has developed and administered tests in the area of mathematics and social studies in Grades 5, 8, and 11. The results of these tests will be distributed to your school board and made public for comment and review. The Language Arts Accountability tests are now being developed and will be administered to students in the spring of 1981.

The administration will present to the school board and general public a management plan using the results received from the accountability testing program. This management plan will outline any changes in curriculum or methodology which may be required as a result of these tests.

The towns' Curriculum Council has developed a draft of a Language Arts Curriculum Continuum for Grades 1 through 8. This guide will be distributed to all town teachers in September of 1980, and will be used as a pilot curriculum guide for the 1980-81 school year. These guides will be reviewed during the summer of 1981 using comments received from all teachers. The Language Arts Curriculum Guide will then be presented to all town school boards in August of 1981 for their adoption as the Language Arts Curriculum Guide for Grades 1 through 8.

The towns Curriculum Council will begin work on a Mathematics Curriculum Guide in the spring of 1981. This guide will be implemented during the 1982-83 school year.

Your staff and administration are deeply involved in improving the quality of education offered to our children. We believe that a school either improves or becomes poorer - it seldom just "holds its own." No school or school system is so good that it cannot improve.

We wish to thank the school board and staff for their aid and cooperation in the past year. We also appreciate their willingness to devote the long hours which are necessary to manage and operate an effective school system.

Richard L. Champagne
Superintendent of Schools

Bernard J. Ellis
Assistant Superintendent of Schools

REPORT OF THE PRINCIPAL

1980 - 1981

My first year as principal of the Marlborough Schools has been an eventful one. From the resignation of former principal, Mr. Donald Finley, (March 1980) to the still unresolved issue of the future of Marlborough High School, each day has presented its own unique and interesting set of challenges.

After being appointed acting principal in March and subsequently principal in April of 1980, I set several goals for myself. The most important of these goals was to do my utmost to maintain the integrity of the educational programs of our School District. I am pleased to say that, through the continued support, dedication and encouragement of our entire School District staff, your schools have survived a major crisis as well as several minor ones without disruption to the educational process. In fact, modifications were made which have had a positive impact on the quality of the education being offered to your children. These modifications, which are outlined in my August 1980 report to the School Study Committee, have resulted in a strengthened curriculum, a better use of school facilities and a sense of positive direction for the future.

Another goal which I had set for myself was to develop, with the teaching staff, curriculum guides for each academic program. Because of other major issues facing the District, only limited progress was made toward the realization of this goal. However, it still remains a goal toward which I will work in the months ahead.

Our High School building was beset with some serious flooding problems early last spring. These problems proved to be costly and, as of this time, still unresolved. Correction of these problems involves a financial commitment and can only be resolved through the budget process. In an effort to minimize such catastrophes, our elementary and high school buildings must be carefully monitored in an effort to develop and implement a preventive maintenance program. Both long and short range plans should be designed so that the District can anticipate, and provide funds for, necessary repairs and maintenance of our facilities. Such a plan would be a practical approach to maintaining our buildings now and in the future.

During the past twelve months, no challenge has been greater than that of addressing the problems surrounding the future of Marlborough High School. From the first public meeting in February of 1980 to the Special District Meeting in January 1981, this issue has consumed a great deal of time, money and energy.

As principal of your schools, I have assumed a somewhat active involvement in this issue. Primarily, I saw myself as a provider of information about the past, present and future status of the schools as well as a resource person to the School Board, the Study Committee and other interested groups or individuals. I firmly believe that the future of Marlborough High School should be decided by those most affected by its existence - the people of Marlborough. Although I have some strong feelings about all sides of this issue, I do not believe that those perceptions should be used to influence the final decision of this School District. Whatever the final outcome, the administrator of your school is bound, through the nature of his position, to carry out, as directed by his supervisor and the School Board, the wishes of the District. With this in mind, I fully intend to support and implement any plan approved by the people of Marlborough.

The past twelve months have been very difficult ones for the students in our high school. Uncertainty about the future of their school has created a gloomy atmosphere within the school as well as a reluctance to make any long-range commitments. It will be important, once a resolution is reached, to work on rekindling the spirit of cooperation and unity between students, staff and the community.

I feel that this community owes a substantial debt of gratitude to the faculty and staff of their schools. Throughout this long and highly emotional period, the members of our staff have strived to maintain the quality of education at all levels within the schools. Despite uncertainty as to their own futures, everyone has continued to perform their jobs as part of the "school team." Without their individual and collective commitment, it would have been nearly impossible to make the year successful. I am deeply grateful for the support, understanding and encouragement the staff has given me this past year as well as their efforts to assist me during times when the tasks at hand seemed impossible.

Very few towns have had to face an issue as emotional and complex as the one facing Marlborough. I am hopeful that, once resolution has been reached, broken fences can be mended and that the Town will once again be unified in its support of the school system regardless of its form. Without that support, a school cannot continue to meet the challenges involved in educating our most valuable asset and our hope for the future - the children of this community.

Respectfully submitted,
John H. Moody [signed]
John H. Moody, Principal

**MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
HELD ON MARCH 17, 1980**

Warrant for the Election of Officers

Meeting called to order at 10:11 A.M., March 17, 1980 by Moderator Elmer A. Grover, Jr. and warrant read. The moderator declared the meeting open under Article 1 calling for the district to choose a moderator for the ensuing year, a Clerk for the ensuing year, a member of the school board for the ensuing three years, and a treasurer from July 1, 1980 for the the ensuing year. Voted favorably on the motion of David J. Keenan, supported by Oliver F. Derby, that we keep the polls open until 9:00 P.M.

The polls were closed at 9:00 P.M. and the ballot box remained sealed until the close of the business meeting. At the close of the business meeting, the ballot box was opened by the moderator, the ballots were examined and counted and the votes for the various candidates were tallied by the clerk, in the presence of the moderator and other election officials. When the counting was completed, the results of the balloting were declared and publicly announced by the moderator as follows:

Total number of votes cast	92
-----------------------------------	-----------

For Moderator

Elmer A. Grover, Jr. received	Elected 54
Scattered votes	13

For District Clerk

Oliver F. Derby received	Elected 45
Scattered votes	8

For District Treasurer

Oliver F. Derby received	Elected 48
Scattered votes	3

For School Board Member (Three Years)

Joseph Puleo received	Elected 85
Scattered votes	6

All officers elected and present were qualified.

Voted favorably on the motion of Manfredo Torelli, supported by Oliver F. Derby, that the meeting be adjourned. The meeting adjourned at 11:30 P.M. on March 17, 1980.

Attest,
Oliver F. Derby
District Clerk

Warrant for the Conduct of District Affairs

Meeting called to order at 7:30 P.M., March 17, 1980 by Moderator Elmer A. Grover, Jr. and warrant read. After outlining the rules under which the meeting would be conducted, the moderator declared the meeting open for action on Article 1 through 9 inclusive. A welcome was extended by School Board Chairman Manfredo Torelli.

Article 1. A motion was introduced by Manfredo Torelli that the District raise and appropriate the sum of \$22,000 for the repair of the roof at the Marlborough High School and to authorize the Marlborough School Board to borrow such funds in the name of the District and to take whatever action is necessary to carry out the intent of this motion.

A ballot vote was taken on the motion, utilizing the district check list. The ballots were counted in the presence of the moderator and election officials and the results of the vote was publicly announced by the moderator as follows:

Total number of votes cast	83
Necessary for passage	54
Voting for the motion	71
Voting against the motion	12

The moderator declared a vote in the affirmative and the motion was adopted.

Article 2. Voted favorably by acclamation on the motion of David J. Keenan, supported by Manfredo Torelli, that the district accept and place on file, the reports of the agents, auditors, and committees or officers chosen as found in the town reports.

Article 3. Voted favorably by acclamation on the motion of David J. Keenan, supported by Joseph Puleo, that we pass over this article indefinitely.

Article 4. Voted favorably by acclamation on the motion of David J. Keenan, supported by Manfredo Torelli, that the District vote to authorize the school board to make application for, and to accept and use in the name of the district, such advances, grants-in-aid and other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or any federal, state or private agency.

Article 5. A motion was introduced by Manfredo Torelli, supported by David J. Keenan, that the District vote to authorize the School District Moderator, the Marlborough Selectmen and the Marlborough School

Board to jointly appoint four members from the Marlborough community at large to serve with the Marlborough School Board. The task of the committee shall be to study all alternatives relative to the approval of the Marlborough High School by the New Hampshire Department of Education. Further,that the study committee shall be empowered to form ad hoc committees as it deems necessary to accomplish this charge. Said committee shall report its findings at a special school district meeting to be held on or before October 15, 1980. Further, that the District raise and appropriate the sum of \$1000.00 to effectuate the purposes of this article.

After a period of discussion, a motion was introduced by Edwin Wheeler, and supported by Edward Goodrich, that we shut off further debate and vote on the question. The moderator declared an affirmative vote by acclamation.

A vote was then taken on the original motion and the moderator declared an affirmative vote by acclamation.

Article 6. Voted favorably by acclamation on a motion by Alfred Thomas, supported by Judith Langley, that we pass over this article indefinitely.

Article 7. Voted favorably by acclamation on the motion of David J. Keenan, supported by Gary Langley, that the District vote to raise and appropriate the sum of \$5000.00 to continue an Energy Conservation Program at the Marlborough Elementary School and High School.

Article 8. A motion was introduced by Joseph Puleo, supported by Manfredo Torelli, that the District vote to raise and appropriate the sum of \$774,721.00 for the support of schools, for the salaries of school district officers and agents and for payment of statutory obligations of the District.

The school board explained the budget in detail and discussion took place. A question was raised about the policy of the board in relation to transporting of students. A show of hands was called for and the results were unanimous that the board use their discretion as to what students should be transported.

A petition presented to the moderator by seven registered voters requested a ballot vote on this article and the petition was granted. The results were as follows.

Total number of votes cast	62
Voting for the motion	44
Voting against the motion	18

The moderator declared a vote in the affirmative and the motion was adopted.

Article 9. A motion was introduced by Oliver F. Derby, supported by David J. Keenan, that the school board be instructed to place an article in the next annual or special meeting warrant of the district relative to electing its district officers by separate ballot at the town election of the town, as provided in RSA 671:22 II.

Some questions and discussion followed.

A motion was introduced by Robert Dion, supported by Oliver F. Derby, that we shut off further debate and vote on the question. Voted by acclamation on this motion.

Voted favorably by acclamation on the original motion and the moderator declared the motion adopted.

No further business appearing, it was voted favorably by acclamation on the motion of Manfredo Torelli, supported by Oliver F. Derby that the business meeting be adjourned. The meeting was adjourned at 10:50 P.M.

Attest:

Oliver F. Derby
District Clerk

**MINUTES OF THE SPECIAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
HELD ON OCTOBER 15, 1980**

Meeting called to order at 7:00 P.M., prevailing time, on October 15, 1980 by Moderator Elmer A. Grover, Jr. The rules under which the meeting would be conducted were outlined by the moderator. The moderator read the warrant for the meeting and declared the meeting open for action under Article I and II of the warrant.

Article I. The moderator introduced Superintendent of Schools Richard Champagne, Assistant Superintendent Bernard Ellis, Principal John Moody, and Attorney Lewis Soule. He asked the voters if there was any objection to these non voters being allowed to speak and answer questions. No objections were voiced by the voters.

Voted favorably on the motion of Edwin Wheeler, supported by Oliver F. Derby, that the district vote to henceforth elect its District Officers by separate ballot at the Town election.

Article II. The moderator read the article and then called on Mr. Edwin Wheeler, to present the report of the Marlborough School Study Committee, said committee having been authorized by the annual District meeting held on March 17, 1980. Mr. Wheeler, outlined and commented on the general report and answered questions from the voters. He then called on Mr. John Moody, to give the current status of the school in relation to state school standards. After his summary, Mr. Moody, also answered voters questions. Mr. Wheeler, then called in turn on Dr. David Knight, William Thomas, and Wayne Crowell, to comment on and outline the various sub-sections of the report which had been their responsibility. They also answered voters questions. Mr. Wheeler, then summarized the entire report and presented Mr. Manfredo Torelli, School Board Chairman, with a complete copy of the committee's report and working papers.

Voted favorably on the motion of David Keenan, supported by Manfredo Torelli, that the Marlborough School District accept with deep appreciation the Marlborough School Study Committee report and that the district honor itself by causing the names of those recognized to be printed upon the records of the District. Those to be recognized are:

Marlborough School Study Committee

Edwin S. Wheeler, Chairman
William Thomas
Fred Torelli
David Keenan
Janet Gaseau Sec'y.

Article II. (Cont'd) The moderator then opened the meeting for general discussion of the school study report. Statements were made by various voters. Questions were asked and answers were given by committee members and others. Each voter was given an opportunity to speak as often as he or she wished.

Voted favorably on the motion of Edward Goodrich, supported by Manfredo Torelli, that the Marlborough School District approve the preference ballot as presented by the Marlborough School Study Committee:

Question 1. That the Marlborough High School students be educated at Marlborough High School or Keene High School.

Question 2. To determine, if the Marlborough High School vote prevails, whether the District will provide Comprehensive or Approved educational status.

Voted favorably on the motion of Manfredo Torelli, supported by Edwin S. Wheeler, that the polls open for the purpose of casting written ballots as approved by the District and that the polls remain open tonight until all legal voters present have had an opportunity to vote, and after they have voted, further that this special meeting recess to Friday, October 17, 1980, 1:00 P.M. prevailing time for the purpose of continuing the voting. Polls to open on Friday at 1:00 P.M. and remain open until 7:00 P.M. Further, that the Marlborough School District be bound by the decision of the Marlborough School District.

The polls were declared open by the moderator and voters present cast their ballots through use of the District check lists. all those present, who wished, having voted, the ballot box and check lists, and uncast ballots were sealed by the moderator and clerk in the presence of the other voting officials and the school board.

The moderator declared the meeting recessed at 11:00 P.M. on October 15, 1980. The moderator, accompanied by a New Hampshire State Police trooper, transported the ballot box, uncast ballots and checklist to the State Police headquarters in Keene, N.H. where they were secured until their return to the polls for the continuation of balloting at 1:00 P.M. on October 17, 1980.

The meeting was reconvened from recess by the moderator at 1:00 P.M. on October 17, 1980 at which time the seals on the uncast ballots, the ballot box of cast ballots and the check lists were broken by the moderator in the presence of the clerk and other voting officials. The moderator declared the polls open for the continuation of voting by use of the written ballot approved under Article II.

After asking whether all those who wished to had voted, the moderator closed the polls at 7:00 P.M. on October 17, 1980. The votes were counted by the voting officials in the presence of the moderator and tallied by the district clerk. When the counting was completed, the result of the balloting was declared and publicly announced by the moderator as follows:

Total number of votes cast	592
Voided Ballots	6
 On Question 1	
Voting to send students to Keene High School	283
Voting to continue educating students at Marlborough High School	303
 On Question 2	
Preference for Comprehensive Education	310
Preference for Approved Education	200

**MINUTES OF THE SPECIAL SCHOOL DISTRICT MEETING OF
THE MARLBOROUGH SCHOOL DISTRICT HELD ON
DECEMBER 6, 1980**

Meeting called to order at 10:33 A.M., prevailing time, on December 6, 1980 by Oliver F. Derby, Clerk of the District. The decree of the Cheshire County Superior Court, authorizing the meeting, was read by the clerk. The clerk then declared that the first order of business would be a moderator pro tempore to conduct the meeting.

Voted favorably on the motion of Manfredo Torelli, supported by David E. Cheney, that Rev. Hank Bause cast one ballot for Elmer Grover, Jr. to serve as moderator pro tempore for this meeting. The clerk asked if there was any objection to this form of ballot and none was voiced. Elmer Grover, Jr. was duly qualified by the clerk.

The moderator pro tempore then stated the rules under which he would conduct the meeting and read the warrant for the meeting. He declared the meeting open for action under Article I.

Article I. Manfredo Torelli requested permission to explain the reasons why the School Board were asking for the sum of \$350,000 under this article. Mr. Torelli explained the building needs of the district (Exhibit A). Joseph Puelo explained the equipment needs and special projects (ExhibitB)

A motion was presented by Joseph Puleo, supported by Manfredo Torelli, that \$350,000 be appropriated for the reconstruction, alteration and enlargement of the Marlborough High School and for the purchase of departmental equipment of a lasting character in connection therewith: that to raise this appropriation the School Board is authorized to borrow \$350,000 under the Municipal Finance Act; that any income derived from the temporary investment of bond proceeds shall be spent for the project in addition to the foregoing appropriation; and that the School Board is authorized to take all action necessary to carry out the project.

Because the District did not have facilities present at the meeting to immediately print ballots reflecting the motion with the amount of \$350,000 printed in, the school board requested that a ballot (Exhibit C) be used for the voting on the motion and that various posters be displayed around the polling place and in the voting booths containing the actual motion as presented with the amount requested, \$350,000, written in. See Exhibits D and E. The motion was also displayed on a screen through the use of an overhead projector. This form of balloting was approved by acclamation by the voters present.

A motion was presented by Manfredo Torelli, supported by Joseph Puleo, that the polls remain open for four hours from 11:00 A.M. to 3:00 P.M. An amendment to this motion was presented by Bruce Mitchell, supported by Rev. Hank Bause, that the polls remain open five hours from 11:00 A.M. to 4:00 P.M. The amendment was voted by acclamation and the original motion was voted by acclamation.

After asking all those who vote had voted, the moderator closed the polls at 4:10 P.M. The votes were counted by the voting officials in the presence of the moderator and tallied by the district clerk. When the counting was completed, the result of the balloting was declared and publicly announced by the moderator as follows.

Total number of votes cast	572
Necessary for passage	382
Voting in favor of the motion	210
Voting opposed to the motion	362

The moderator pro tempore declared that the motion and the article had been defeated.

Voted favorably on the motion of David E. Cheney, supported by Edward H. Wilson, Jr. that the meeting be adjourned. The meeting adjourned at 4:30 P.M.

Incorporated in the minute book of the District as records pertaining to this meeting are:

Exhibit A. Marlborough School District, Comprehensive Plan. Projects - Building Facilities.

Exhibit B Marlborough School, District Comprehensive Plans, Projects - Equipment & Special Projects

Exhibit C Specimen Ballot

Exhibit D Motion under Article I (posted in voting booths)

Exhibit E Motion under Article I (posted around polling place)

Exhibit F Superior Court Decree authorizing the meeting

Attest,
Oliver F. Derby
District Clerk
